(Executive member signature) (date)

Thank you for your commitment to the London Newcomers.

Members bring a multitude of experiences and skills as well as fresh approaches to our organization. We encourage and support new ideas which will further the spirit and intent of this club – helping women who, because of changed circumstances, need a new social network. The goal of the club is to offer a variety of activities and events that promote opportunities to socialize and share activities of mutual interest.

Please be aware that the executive will not approve any activities deemed to be unsafe, illegal, or exclusive in nature, nor will the executive authorize activities which appear to promote specific or personal agendas e.g. political, religious, business or ethical. Fund raising is not within the London Newcomers' mandate.
